Autumn's Treble Makers ends the 2016-2017 season with a bodacious "Back to the 80's" performance where music meets culture history.

Goodyear, AZ, June 23, 2017: Autumn's Treble Makers ended the 2017-2018 season with a successful "Back to the 80's" summer camp performance created and directed by Autumn Bourg. A younger generation discovers the excitement of the eighties era as they travel back in time to experience the importance of music in the 1980's and the new popularity of MTV. With the introduction of videos in the world of pop music, the industry expansion changed the focus of music from lyrics to fashion and theatrics. Performers experienced an era where children played with Lite-Brite, Garfield plush, Cabbage Patch Kids, View-Masters and rode Big Wheels when they weren't trying to solve the Rubik's Cube.

Up and coming musical theatre class sessions will be available in the Fall of 2017 and the Spring of 2018. Rehearsals and performances are at the Odyssey Preparatory Academy, 17532 W Harrison Street, Goodyear, AZ 85338.

"Autumn's Treble Makers" is a musical instruction company, providing a safe and nurturing environment for young performers to grow. Our music programs allows students to learn about composers, experiment with rhythm, expand their skill levels and explore how to use their creativity.
